

**LUXEMBOURG
FOR FINANCE**

THE FINANCIAL CENTRE DEVELOPMENT AGENCY

Luxembourg House of Financial Technology

SINGAPORE FINTECH FESTIVAL

NOVEMBER 13 - 17, 2023

The Singapore Fintech Festival is the **world's biggest fintech conference**, with over 62,000 attendees and close to **600 exhibitors and sponsors**.

Attracting a global audience, it is one of the best ways to get the low down on **new innovations**, and to network with **global fintechs and financial institutions**.

Key actors from the Luxembourg financial industry have already confirmed their participation, including the main associations and the regulator.

A Luxembourg pavilion will be available to act as a base for your **networking** activity during the conference. Alongside the festival we will also look to organize a number of optional **side events** to maximise your time in Singapore.
